

Trust, TrustMRR?

A data-driven analysis of TrustMRR's marketplace, business operations, and strategic positioning

MARKETPLACE ANALYSIS

The Business Model

Key Takeaway: Transparent marketplace for financially validated digital businesses.

Marketplace Scale

6,000+

Startups Listed

80+

Countries Represented

31+

Business Categories

85%+

Revenue-Validated

Key Takeaway: Globally distributed, financially validated marketplace.

Marketplace Composition

Composition Breakdown

35% SaaS & Productivity

28% AI-Powered

15% Mobile Apps

12% Creator Tools

10% Ecommerce

SaaS + AI together represent **63%** of all listings.

📌 **Key Takeaway:** Diversified beyond SaaS; AI is the fastest-growing segment.

Revenue by Category

AI Tools represent **28% of listings** but only **20% of revenue** — revealing a maturity gap between listing volume and commercial success. Subscription businesses remain the dominant revenue engine.

📌 **Key Takeaway:** Subscriptions drive revenue; AI dominates listings but shows lower monetization.

Popularity $\neq$ Value

Median MRR by Segment

AI Tools

\$2K-\$5K median MRR

28% of listings

SaaS

\$8K-\$25K median MRR

35% of listings

The top 5% of businesses generate **40%** of all marketplace revenue.

 **Key Takeaway:** Listing volume and commercial success are inversely correlated.

Geographic Concentration

The US captures **45% of revenue** from just 35% of listings. Rest of World holds 25% of listings but only **12% of revenue** — demonstrating how mature startup ecosystems command disproportionate value.

📌 **Key Takeaway:** 60% of revenue originates from US, UK, and Canada.

Payment Infrastructure

Infrastructure Signal

72% Stripe

Standard for SaaS & digital businesses

12% RevenueCat

Mobile subscription dominant

8% Polar

Emerging developer-first tool

5% Paddle & LS

Merchant-of-record preferred

Key Takeaway: Modern, API-first payment processors dominate — a signal of technical sophistication across listings.

Competitive Advantages

Transparency

Verified revenue data reduces buyer risk

Recurring Revenue Focus

Predictable, measurable businesses only

Global Scale

80+ countries driving network effects

Standardized Metrics

Reduced due diligence friction

Key Takeaway: Positioned uniquely between directories and brokerages — a category of one.

Strategic Insights

Marketplace Maturation

SaaS is the revenue engine (**65%**). AI is the growth story (**28%** of listings).

Quality Over Quantity

85%+ revenue-validated listings. Top **5%** generate **40%** of revenue.

Geographic Value Gap

60% of revenue from US, UK, Canada — mature ecosystems command premium.

Modern Infrastructure

Stripe at **72%**. RevenueCat and Polar signaling mobile & developer-first growth.

TrustMRR: A data-driven marketplace enabling founder monetization through transparency, recurring revenue focus, and standardized metrics.
