FIVE CONCRETE STRATEGIC MANDATES TO GUIDE YOUR ROADMAP

STRATEGIC EXECUTION FRAMEWORK // TACTICAL DEPLOYMENT CHECKLIST

1.	BUILD RECURRING REVENUE. (Subscription businesses via Stripe absolutely dominate successful SaaS models).
2.	PRIORITIZE US EXPANSION. (Capture the market that accounts for nearly two-thirds of all revenue).
3.	IGNORE SOCIAL VANITY. (Followers have zero correlation with revenue; focus on true conversion efficiency).
4.	CHOOSE HIGH-DENSITY MRR CATEGORIES. (Avoid the AI crowd; build in Marketing, Education, or E-commerce).
5.	OPTIMIZE FOR VALUATION. (Target B2B enterprise customers for predictable growth and higher acquisition multiples).
