

TrustMRR

1,000-Startup Dataset Analysis

Category selection, monetization patterns, and
acquisition opportunities for indie hackers

Dataset Snapshot

1,000

Startups listed

65

Countries

29

Categories

\$13.5M

Total MRR pool

\$282

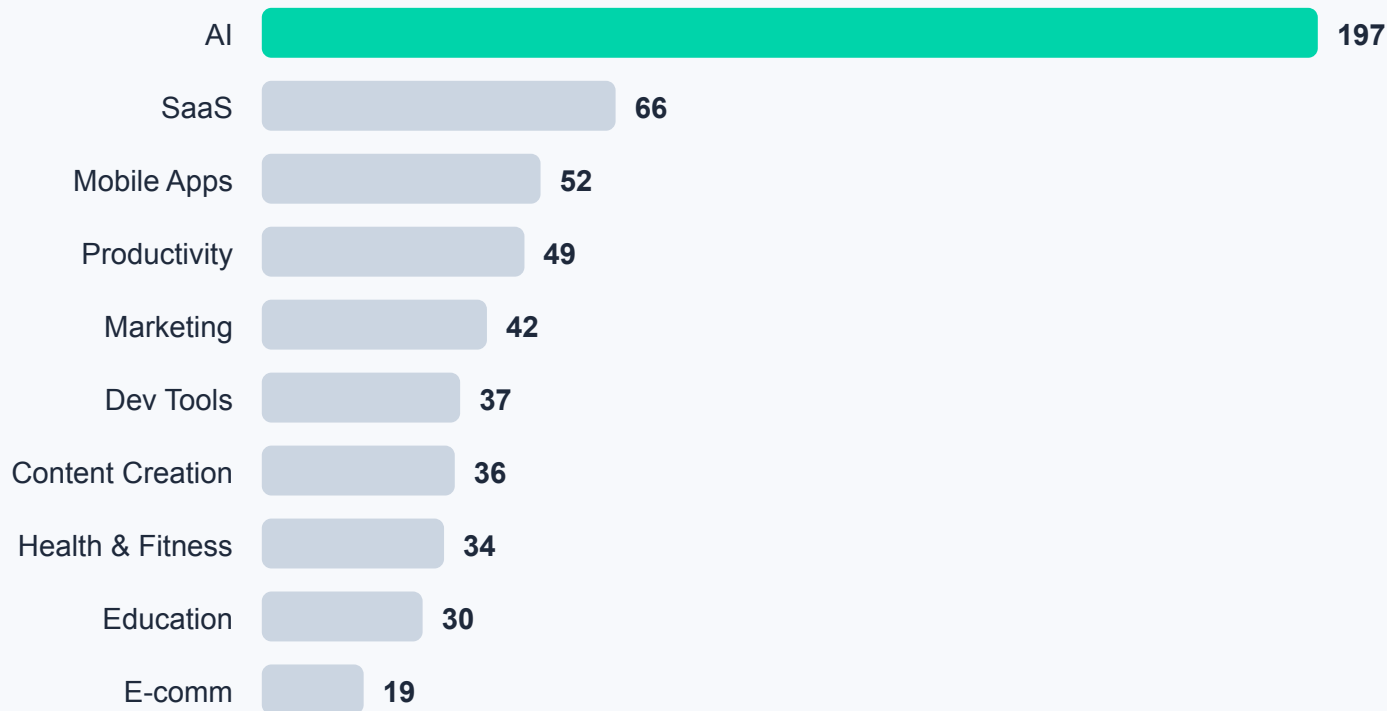

Median MRR

\$134M

Total 12-mo revenue

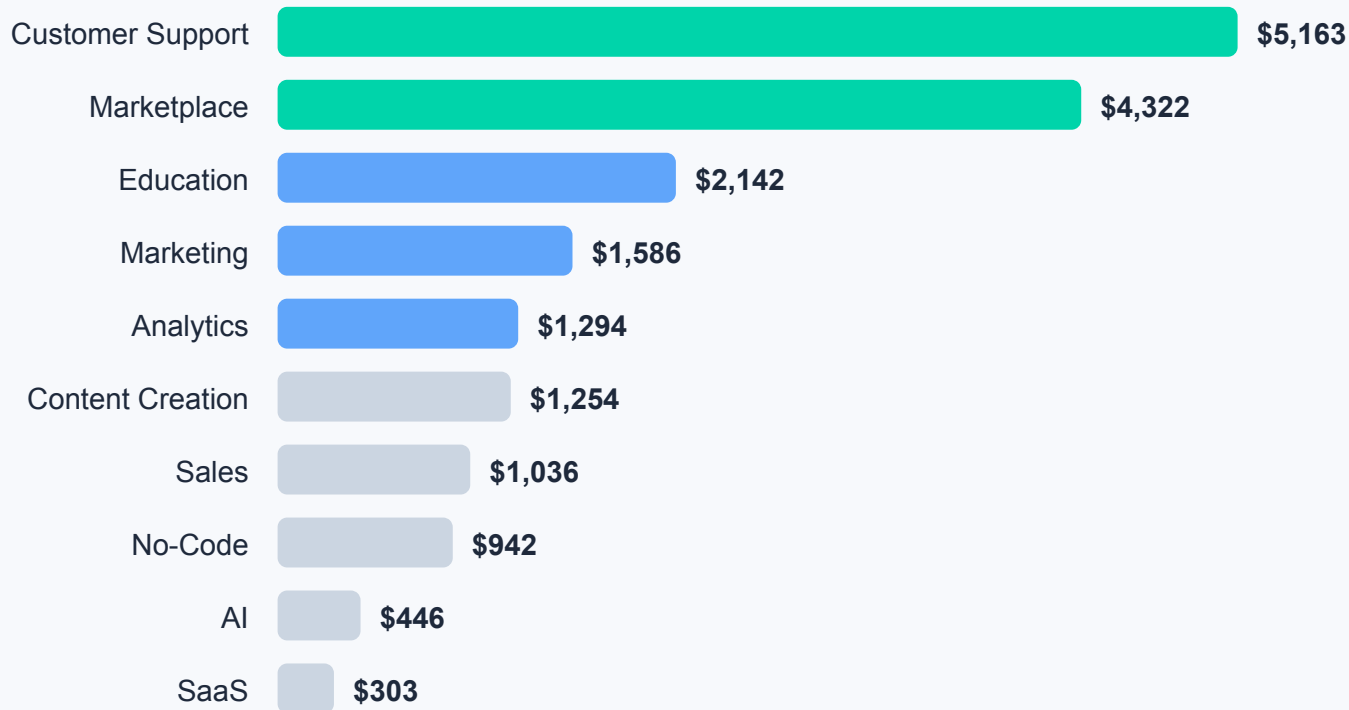

Category Landscape

Top 10 categories by number of listings — AI accounts for ~20% alone

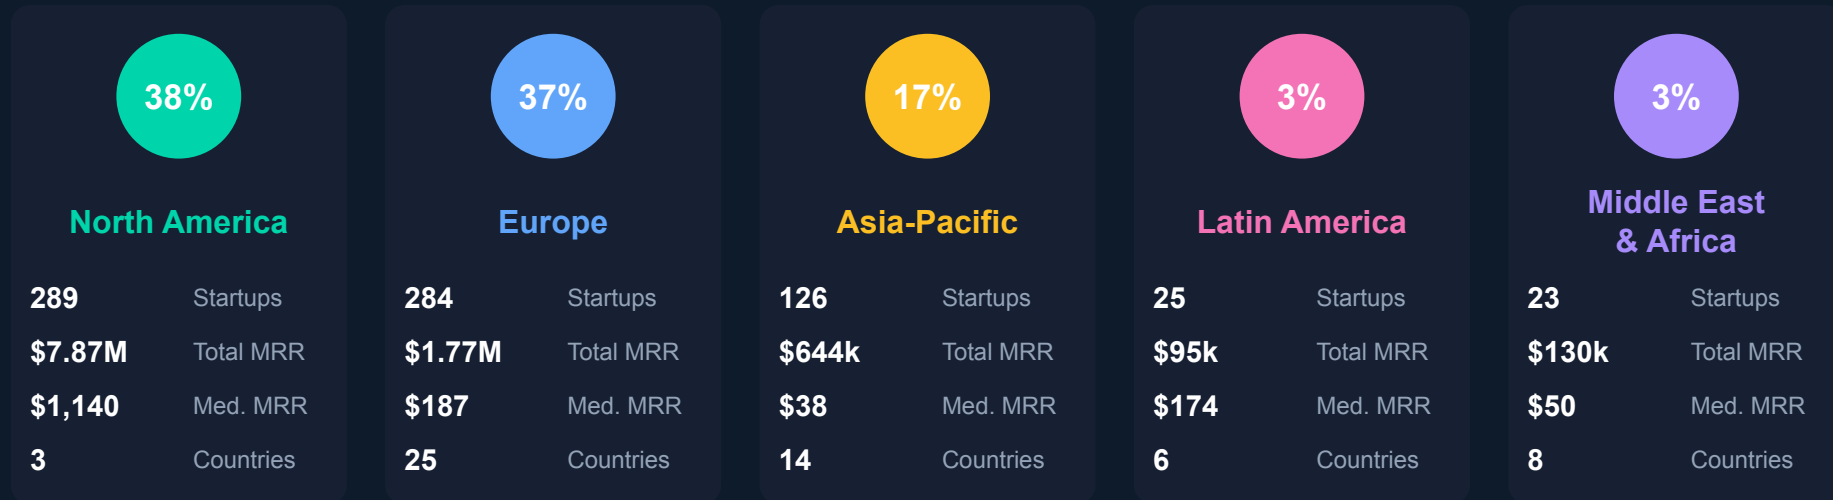

Revenue per Startup by Category

Median MRR — highest listing count (AI) ≠ highest revenue per startup

Global Geographical View

65 countries represented — North America + Europe = 76% of listed startups

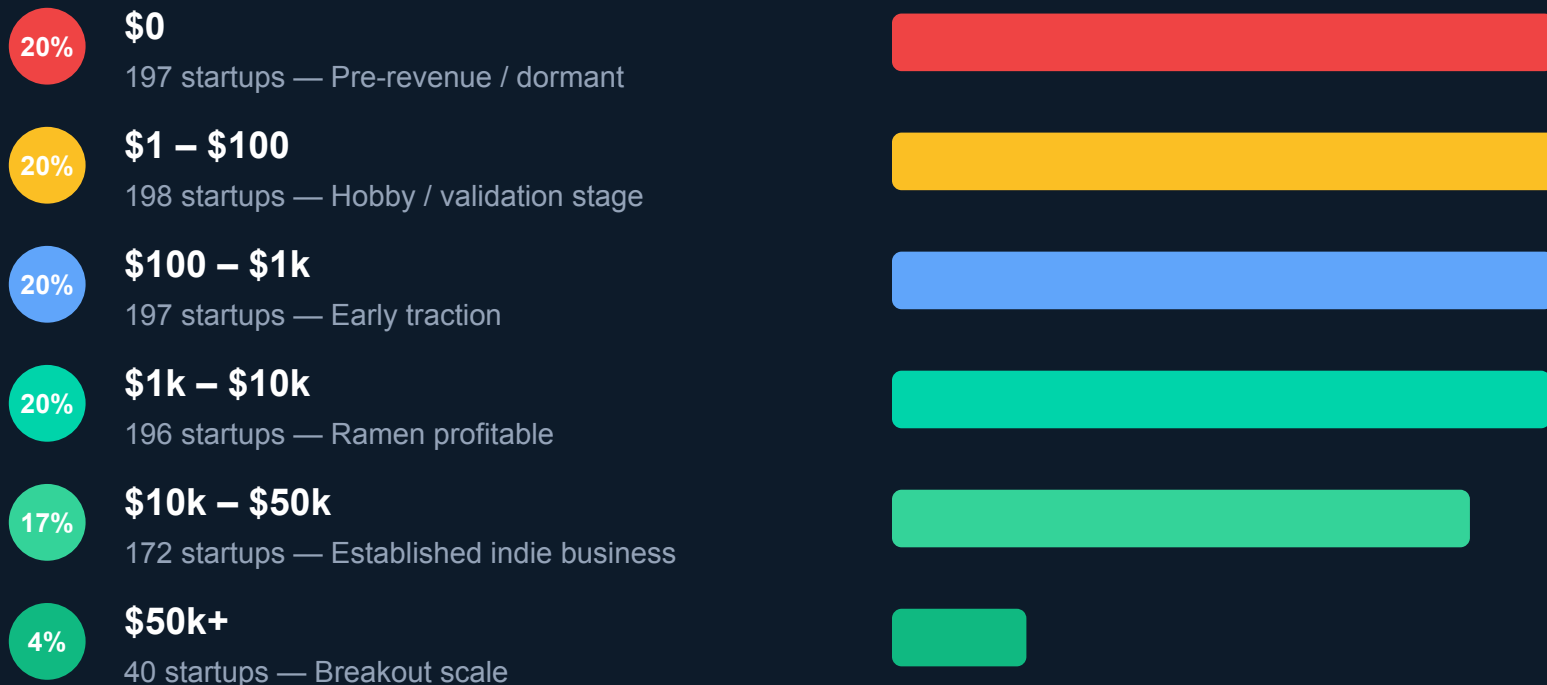

Top 8 countries by listing count

MRR Distribution

Mean (\$13.5k) is 48x the median (\$282) — heavy right-skew from a few outliers

B2B vs B2C — By the Numbers

B2C has more listings; B2B earns 5.7x the median MRR per startup

B2C

401

Startups

\$181

Median MRR

19

Median Subscriptions

Higher volume, lower revenue per startup.

B2B

255

Startups

\$1,036

Median MRR

16

Median Subscriptions

Fewer listings, significantly higher MRR.

Payment Gateways

64%

Stripe

Decision Filters for Indie Hackers

Data-backed criteria to evaluate categories, startups, and acquisition targets

High-MRR Categories

- Customer Support (\$5.2k med MRR)
- Education (\$2.1k med MRR)
- Marketing (\$1.6k, 50% growing)
- Analytics (\$1.3k, 53% growing)
- Content Creation (\$1.3k med MRR)

Crowded / Low-MRR

- AI — 197 startups, \$446 med MRR
- Productivity — \$42 med MRR
- Mobile Apps — 58% listed for sale
- Dev Tools — \$185 med MRR

Screening Criteria

- B2B > B2C (5.7x higher med MRR)
- Stripe as payment rail
- MRR > \$1k + positive 30d growth
- Revenue multiple < 3x (acqui.)
- Domain rating > 25 (organic moat)

What the Data Says

Six patterns from 1,000 startups worth factoring into your next move

01 **AI is crowded, not profitable per startup**

197 listings, \$446 median MRR — highest volume, mid-tier earnings

02 **B2B earns 5.7x more per startup than B2C**

Median MRR: \$1,036 (B2B) vs \$181 (B2C) — fewer users, more revenue

03 **Customer Support, Education, Marketing, Analytics lead on MRR**

Median MRR \$1.3k–\$5.2k — less competition than AI or SaaS

04 **57% of startups are flat or declining**

Growth is the exception — filter for positive 30-day momentum

05 **262 startups are for sale at 2.8x median multiple**

Median asking price \$35k — buying revenue is a viable path

06 **Stripe processes 87% of all MRR on the platform**

636 listings, \$11.7M total MRR — the dominant payment rail
