AI wrappers are dying.

73%

73% of AI startups in our dataset generate under \$10K MRR.

Wrappers (73% < \$10K MRR)

Winners

- Takeaway: Intelligence is commoditized. What's next is autonomy.

Shift #1: From "Generate" to "Execute"

\$494K MRR

GojiberryAI — one AI agent that finds and contacts high-intent leads — is the highest-MRR AI-native company in the dataset.

PROSP

\$128K MRR

Upscale B2B

Done-for-you agent

\$86K MRR

Postiz

Social media on autopilot

\$177K MRR

- Takeaway: Agents don't assist. They replace the task.

Shift #2: Nobody Googles Anymore.

20+

20+ startups in the dataset exist solely to get brands cited by ChatGPT, Claude, and Perplexity.
This category is 18 months old.

AEO Engine

Priced \$1.6K–\$3K/mo

\$62K MRR

LLM visibility tracking

\$29K MRR

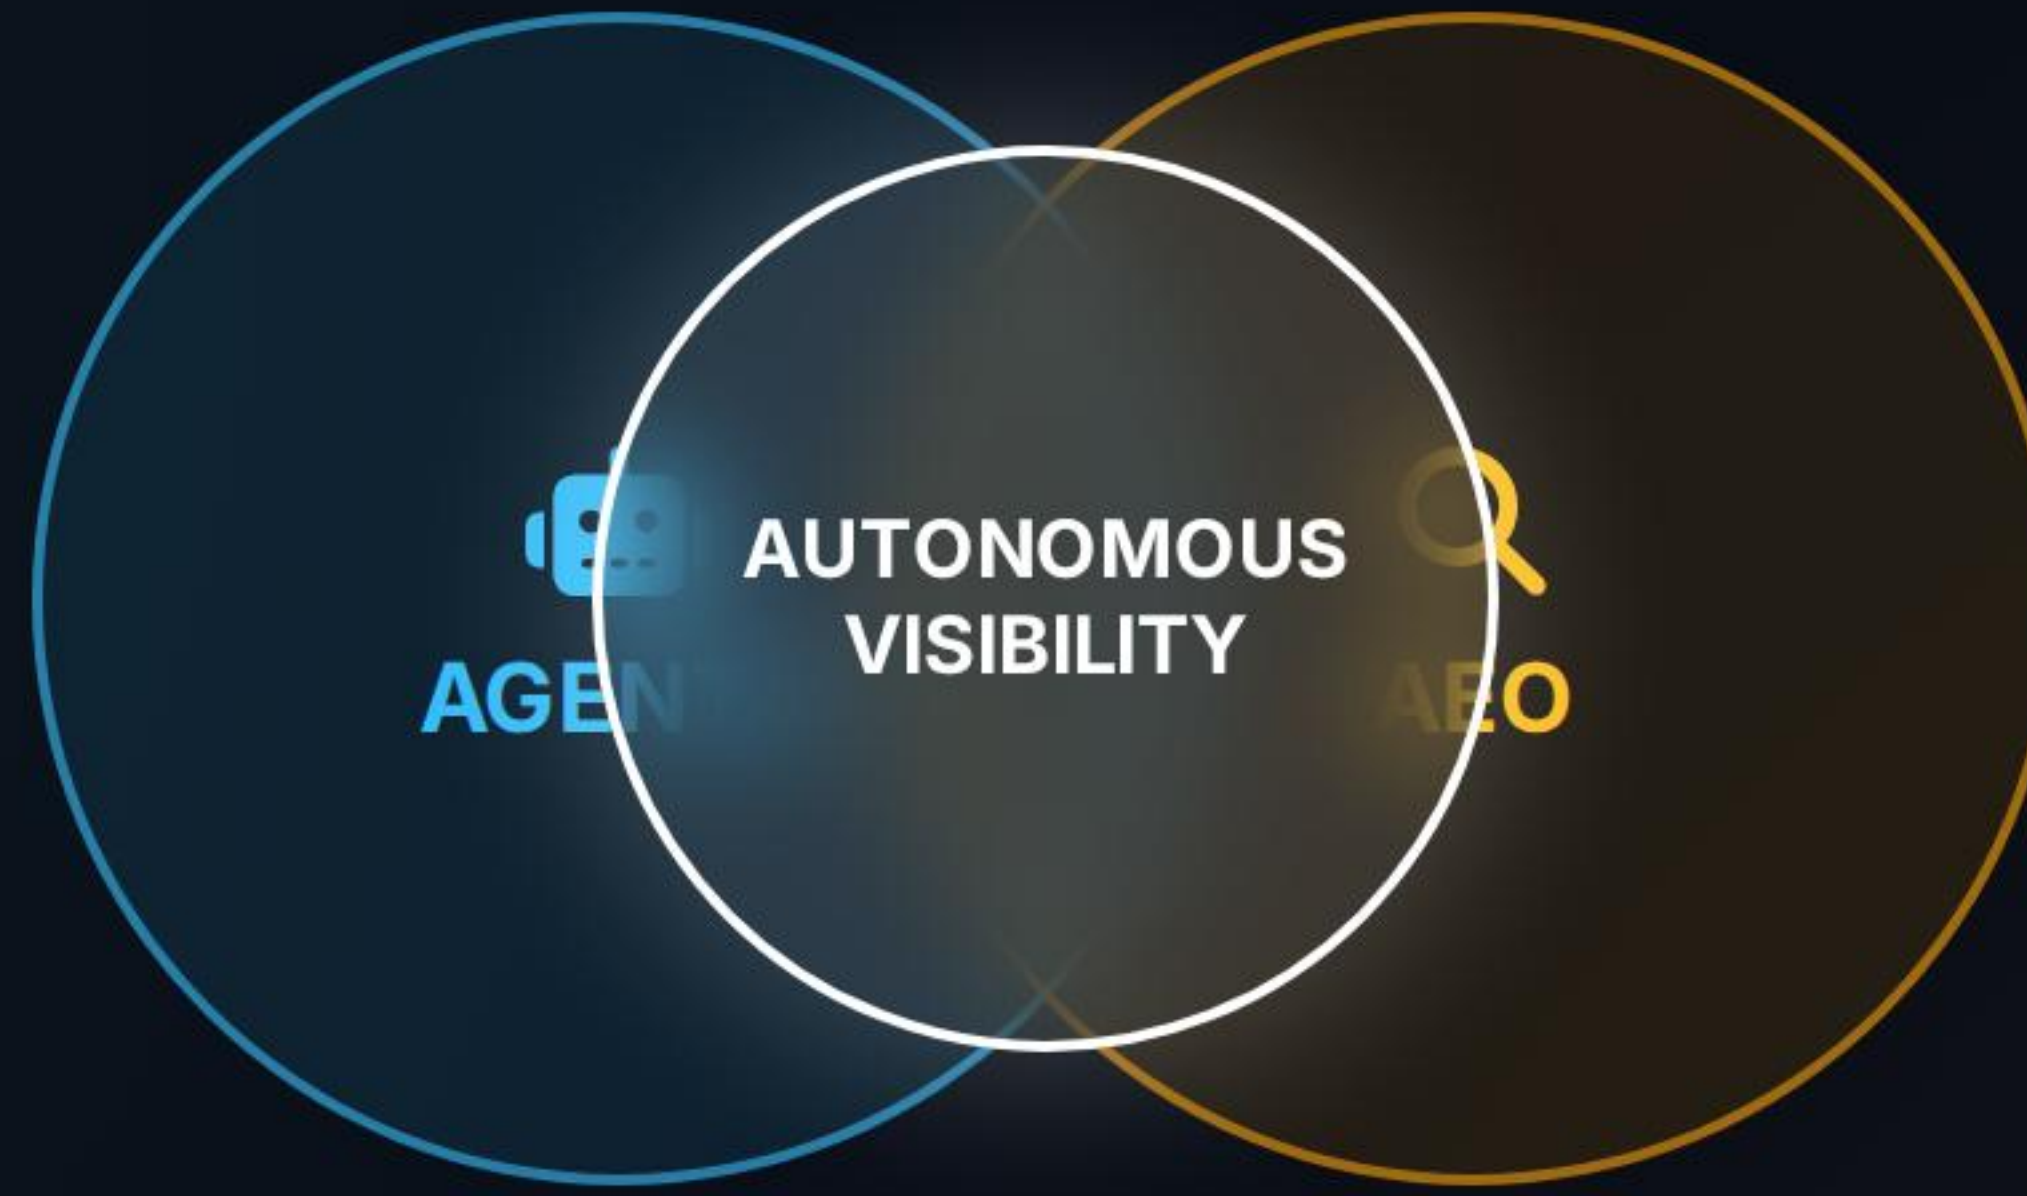

ChatSEO

AI answer engine optimization

\$22K MRR

- Takeaway: The \$80B SEO industry is being rebuilt for AI answers.

The real opportunity is where they meet.

Clarity Search AI: One autonomous agent that writes, monitors, fixes, and attributes AI search revenue.

- Takeaway: The next category leaders will be agents that manage your AI presence end-to-end.

Buyers are paying venture multiples for autonomy.

10.4x

Bookedin, a no-code AI agent builder at \$15K MRR, is listed at a 10.4x revenue multiple.
